

MMTC IMPACT REPORT

Check out what your prayer, volunteerism, & support has done over this year!

The Great Adventure Day Camp

- Theme: The Viking Quest
- 114 campers over three weeks
- 24 teen volunteers
- 22 adult volunteers

"I am building a fire, and every day I train I add more fuel."

Here at Mystic Mountain Training Center our main focus is training individuals in this unique setting to learn more about Jesus. Throughout the year, many young people come here to intentionally be trained to serve at our Great Adventure Day Camp. Others come to a shooting class, small group, or another event we are hosting.

It is our hope that the more people we reach and train, the more fuel we add to building God's Kingdom fire! We could not do what we do without you giving of your precious time, donating resources, bringing your camper, or contributing.
